

E-city's best coveted homes

Each apartment at Shriram Signiaa project has been designed intelligently.

An open design that gives high emphasis on spaciousness, ventilation, and natural sunlight; The unique aspect of this project is that almost 40% of the walls are in fact windows, allowing natural light to stream in and offering breathtaking views.

This residential project is right in the heart of the IT hub, offering amenities of international standards.

Located in Bangalore's biggest IT hub, Electronic City, Shriram Signiaa has 348 units across six blocks. Just opposite Wipro Gate#13 and close to Infosys, HCL, HP and other corporate hubs.
